ANNUAL

CAREER EXPO

COME JOIN OUR CAREER EXPO

The CCFM Career Expo was birthed out of a need to provide advice and insight into the often confusing and intimidating world of career opportunities. The fast-changing world presents children and parents with challenging terrain to navigate. The landscape of careers has changed drastically and the pathway from schooling to desired field including where to study, what to study and available funding options seem like an impossible task.

Joining the CCFM Career Expo gives you the opportunity to explore different career paths, connect directly with universities and industry professionals, ask questions about study options, and gain practical guidance to help you make informed decisions about your future. It's a valuable space to network, discover opportunities, and take the next step toward your career goals.

ABOUT THE EVENT

The CCFM Career Expo aims to make experts, industry leaders, tertiary institutions, and funding institutions accessible to parents and students. In 2023, the Expo grew to about 25 exhibitors. Included in the day were very successful and well-attended breakaway sessions with banks, HR specialists, and business coaches. There were more than 350 learners registered for the day. Since then, the Expo has experienced significant growth, now welcoming over 1,000+ students and more than 40+ vendors, making it one of the most impactful career engagement platforms in the region. CCFM has secured Artscape Theatre as our home for our expo for 2026 utilising two floors for this years event

2025
Artscape Theatre

Cape Town - 40 exhibitors
1000+ learners

2026
Artscape Theatre

Cape Town - 40 exhibitors
1500+ learners

OUR

GROWTH

In 2024, the CCFM Expo continued to grow, welcoming over 40 exhibitors and 700 learners at Workshop17, V&A Waterfront. The event was attended by Mayoral Committee Member for Economic Growth, Alderman James Vos, and supported by a partnership with Cape Town TV.

In 2026, we continue our valued partnership with Artscape as the Career Expo grows. We are grateful for partnerships that create opportunities and help our community grow.

2027 VENUE

The CCFM Career Expo is honoured to once again be hosted at the prestigious Artscape Theatre in Cape Town. Building on our consistent growth over the past few years, we anticipate over 1,500 learners to register next year, alongside an increased number of exhibitors joining us on the day.

This year, we also expect an even broader audience, with a strong presence of parents accompanying learners and actively engaging with exhibitors throughout the event. In addition, we have been allocated two floors for the expo - an expansion from last year's single floor, creating a larger more vibrant and highly interactive experience for all participants.

INSTITUTIONS

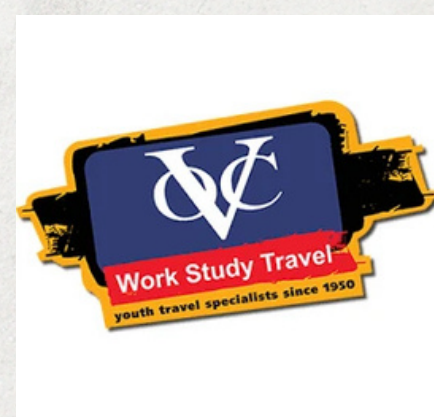

ON BOARD

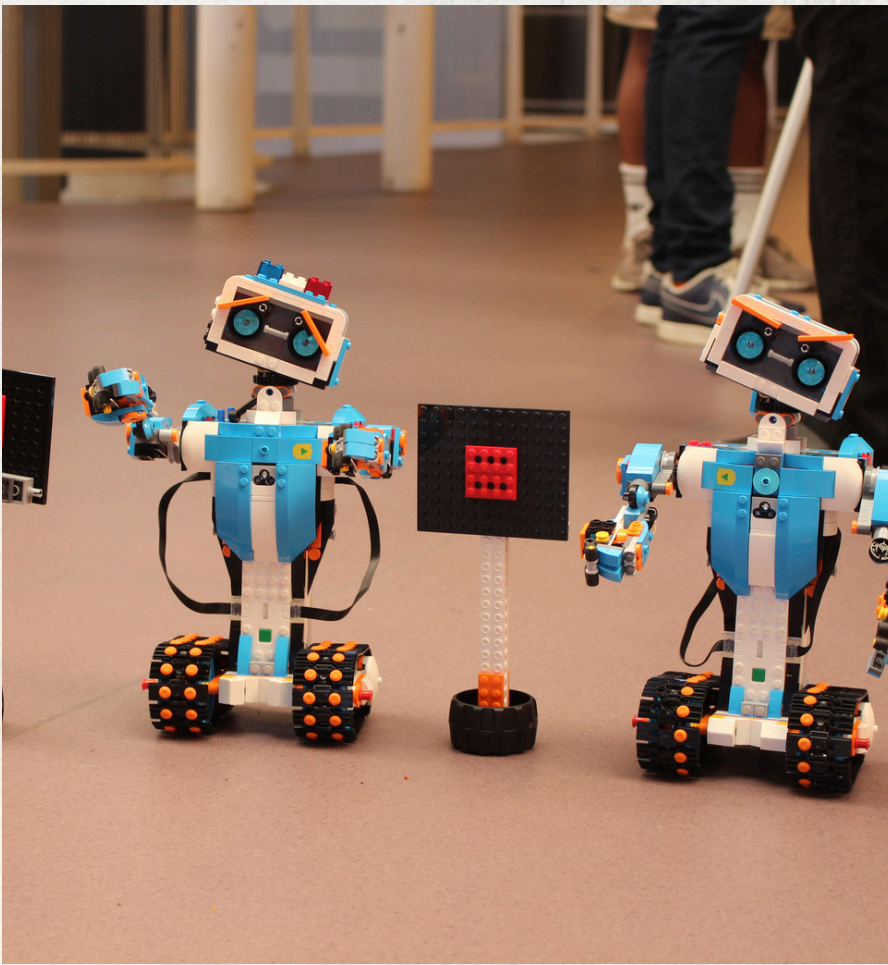

We have formed a good relationship with the CCEA (Cape Careers Exhibition Association). They are an association with members in Further and Higher Training Institutions, Private Colleges, Universities and TVET Colleges.

The member institutions of the CCEA have been part of the CCFM Career Expo for the past few years. Outside of the CCEA we have other organizations, institutions and businesses who join the Expo.
